YOUNG PEOPLE

Welcome to the Australian Kookaburra Kids Foundation (Kookaburra Kids)

Welcome to Kookaburra Kids! We are delighted to have you join our community and embark on this journey with us. At Kookaburra Kids, we are dedicated to supporting young people aged 8-18 who have a family member with a mental illness. Our mission is to empower young people to thrive beyond the challenges they face at home by providing a nurturing environment filled with fun, friendship, and support.

Who We Are

Kookaburra Kids is a nonprofit organisation committed to making a positive difference in the lives of young people. We understand the unique challenges faced by young people who live with a family member experiencing mental illness. Our goal is to provide you with the tools, knowledge, and support you need to build resilience and achieve your full potential.

Our Programs and Supports

At Kookaburra Kids, we offer a variety of programs designed to create safe spaces for you to connect, learn, and grow. Here are some of the key programs and supports we provide:

- **Activity Days:** Our activity days are filled with fun and engaging activities that help you build confidence, develop new skills, and form lasting friendships. These events are designed to provide a break from everyday challenges and create positive experiences.
- **Camps:** Our camps are a cornerstone of the Kookaburra Kids experience. Held throughout the year, these camps offer a safe and supportive environment where you can enjoy outdoor adventures, team-building exercises, and creative workshops. Each camp is staffed with trained mental health clinicians to ensure that every participant receives the support they need to feel safe and understood.
- **Online Connect Sessions:** In addition to in-person activities, we offer online connect sessions that allow you to participate in our programs from the comfort of your own homes. These sessions include a mix of interactive games, educational workshops, and group discussions, all facilitated by our experienced team.

YOUNG PEOPLE

- **Regenerate Program:** Delivered in partnership with the [Bupa Foundation](#), Regenerate is an emotionally and environmentally regenerative program for young people impacted by family mental illness, providing you with camps, activity days and online connect sessions. The pre-early intervention initiative aims to empower by providing you with unique opportunities to enhance your mental health, resilience, and environmental awareness.
- **School Programs:** Our Connect in Schools program brings our support services directly to schools in New South Wales and Victoria. This program includes workshops and activities that help students build resilience, develop coping strategies, and support each other in a safe and inclusive environment.

At Kookaburra Kids, we are committed to providing a supportive and inclusive environment for all young people. Our dedicated team including volunteers, and mental health clinicians work tirelessly to ensure that every participant feels valued, heard, and understood. We are here to support you every step of the way and to help you build a brighter future.

Welcome to the Kookaburra Kids family! We look forward to getting to know you and supporting you on your journey.

Child Safe Commitment:

We are committed to the National Principles for Child Safe Organisations to create environments where the safety and wellbeing of children and young people is at the centre of our thoughts, values and actions. We are building an organisational culture where children and young people, families, communities, and everyone who works with us feels safe and confident to have a say and raise any concerns.

We respect and value the rights of all children and young people and support them to reach their full potential. We recognise that particular consideration needs to be paid to the cultural safety of Aboriginal and Torres Strait Islander children and young people. We also acknowledge the particular needs of children and young people arising from their cultural and linguistic background, sexuality, gender diversity, disability, or as a result of domestic and family violence or other trauma.

Safeguarding children and young people is the responsibility of all Australian Kookaburra Kids Foundation people, including the Board, Executive, leaders, employees, contractors, and volunteers across the whole organisation.

The Australian Kookaburra Kids Foundation adheres to the operating [legislation](#) relevant to each Australian state and territory in which we serve.
